DEAR READERS,

I'm thrilled to dedicate this magazine to you, my amazing clients and associates who have supported me throughout my aesthetics journey. Thank you, it's meant the world to me.

When I launched Waterside Aesthetics three years ago, my dream was to provide you with high quality skin health solutions and skincare excellence. Little did I know that this journey would take me on such an incredible ride. Today, I'm honoured to be able to refer to myself as an award-winning skin health specialist who is beyond excited, to be launching a new generation of bespoke, luxury skin health treatments and wellbeing services not only for clients in Kingsbridge but throughout the South West.

You'll find full information about these amazing innovations in the pages that follow as well as a little background about Waterside and my own personal journey as a facialist. So, firstly, get ready to experience the future of skin rejuvenation with the BYONIK® Pulse Triggered Laser. Using Low Level Pulse-Triggered Laser technology, BYONIK activates, heals and repairs your skin at a cellular level, guided by your pulse. It is simply out of this world!

Secondly, why not try the ultimate in wellness technology with my SLIMYONIK® AIR Bodystyler. This cutting-edge device uses tailored pneumatic pressure therapy massage and enriched ambient air to boost your metabolism and lymphatic immunity, leaving you feeling revitalised and refreshed.

Have a read about both these treatments on the pages that follow where you'll also find more information about my full portfolio featuring the ultimate in transformational, luxury skin treatments. These include your favourites such as CollagenWave, Tri-Wave MD Light Therapy, precision microneedling, laser treatments and delicious ZO Skin Health and Obagi facials too. There is something for everybody. Please don't forget my optimum Wellness Programmes as well, because healthy skin starts with a healthy body, and that starts with nutrition.

Are you ready? Ok, let's start right now. Remember, this is your time to shine, and I'm here to help you all the way.

Much love,

Carole xx

I have been going to Carole at Waterside Aesthetics for several years now. I always leave feeling very well looked after and can't recommend her enough.

**Alice Porter -Ward
Client**

My skin has never looked and felt so good, I am blown away by the results! my skin is looking beautiful, feeling so much smoother, softer and radiant! Carole is definitely a skincare specialist!

**Lisa Witherspoon,
Client**

It has been amazing to watch Carole flourish as a member of The Beauty Directors Club. A true professional, her passion for this industry is fathomless, and reveals itself in the expert care she extends to clients on a daily basis. I'm excited to see what this wonderful new chapter holds for her. Good luck Carole!

**Susan Routledge, Founder of the
Beauty Directors Club**

Carole is the most wonderful and dedicated therapist who I was lucky to meet at the London Excel Beauty Show in 2021. She is a perfectionist and specialist in her field and is committed to her treatments by continuing to train and be a cut above the rest when she decided to elevate her blemish qualifications and join our unique company using the latest innovative Elite Probes for her Blemish Removals. She has become part of our award-winning team, joining us at exhibitions and also has been a finalist in the top UK Beauty Awards .

My View On Things
Past, Present and Future

AESTHETICS

I am thrilled to share my journey as a beauty therapist and aesthetician with you because from the moment I started training in 1985, I knew that skin care was my true passion.

You see, as a teenager, I had acne and severe skin redness, dryness, and sensitivity. I searched for a solution to avoid developing rosacea, which was hard to treat. This led me on a lifelong quest to find the perfect products and treatments, resulting in some remarkable discoveries and I'm happy to say, that as a woman in my 60's, my skin is now the best that it has ever been.

I've now spent over 35 years perfecting my craft and searching for the best products and treatments to help my clients achieve exceptional, long-lasting results. Seeing the confidence and joy that comes from healthy skin is what drives me every day. Additionally, as a specialist in electrolysis and laser hair removal, I have been able to help even more people feel their best.

Over this time, I have seen a huge amount of change take place within our industry and I can honestly say, there has never been a better time to work as aesthetician. The industry is booming and with an historical annual growth rate of over 10%, it's only getting better!

With expanded access to services and growing consumer purchasing power, the industry is now experiencing global penetration like never before. The shift in consumer attitudes towards wellness, beauty, and healthy ageing is also generating demand from new patient segments, including men and millennials. And that's not all! McKinsey predicts a whopping 26% CAGR growth rate by 2026, with Gen Z leading the charge for more inclusivity and diversity. The Next industry report by Galderma also highlights exciting trends such as collagen-boosting treatments and a focus on holistic wellness that are shaping the future of the aesthetics industry.

When I opened Waterside Aesthetics in 2021 I wanted to create a safe haven for my clients, and a place which was private and luxurious. I was also determined to find the ultimate way to rejuvenate the skin. I am a facialist who doesn't follow the trends. I follow my heart, which led me to the most amazing systems enabling me to re-energise and repair skin cells, improve volume and the signs of ageing. These methods instantly reduce skin irritations and redness promoting healing, reducing inflammation and deeply hydrating the skin from directly within the skin cells not just around them. Honestly, I know my dreams are coming true..... now I share them with you.

THE IMPORTANCE OF A CONSULTATION

I explain all...

Why You Need A Consultation

I firmly believe that good skin starts with an in-depth consultation. This is when we can sit down together and discuss all your skin goals and health niggles. We also look at daily routines, diet, lifestyle and any medical issues. Most importantly, you can relax and unfold all your concerns so we can create a truly customised plan.

What will it involve?

A bespoke skin assessment will include a consultation and comprehensive skin examination using photo imaging technology. We delve beneath the skin's surface to identify the root cause of your specific concerns and conditions. With this knowledge and expert analysis, you will get to know your skin on a deeper level. Remember 'A healthy skin is a happy skin' and my goal is to help you achieve this by empowering you with my many tools, tips, and advice.

Understanding your new skin journey will help you to make better decisions leading to POSITIVE SOLUTIONS.

What about the Ultimate Consultation?

We dive even deeper and include a 'finger prick blood test' which provides an insight into your overall health and answers questions about your skin health. With this balance test we can investigate your essential omega 6:3 ratio using six health markers. You will learn about your cell membrane fluidity, protection value and so much more.

My aim with both consultations is to support and provide you with the best skincare routine, treatment plan and most of all the best results! This is because I look forward to joining you on your exciting skin & health journey - I know it will be an amazing one.

THE FUTURE OF AESTHETICS IS HERE

Transform your skin with me today.

BYONIK®

The gentle lifting effect
revolution.

I am so proud to introduce the future of skin rejuvenation with the BYONIK® Pulse Triggered Laser here at Waterside Aesthetics! This innovative system uses Low Level Pulse-Triggered Laser technology to activate, heal and repair your skin at a cellular level, guided by your pulse. The combination of laser, pulse, hyaluronic acid, and antioxidants in this trilogy solution is a globally recognised method that can effectively reverse the signs of ageing on your skin. Say goodbye to inflammation and hello to derma remodelling, 3D cell protection and increased water retention. With BYONIK, you can achieve healthy, youthful-looking skin like never before.

SLIMYONIK® AIR BODYSTYLER

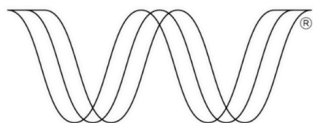

Turbocharge your metabolism

Are you ready to experience the ultimate in wellness technology with the SLIMYONIK® AIR Bodystyler.

This cutting-edge device uses tailored pneumatic pressure therapy massage and enriched ambient air to boost your metabolism and lymphatic immunity, leaving you feeling revitalised and refreshed. It's also effective in reducing inflammatory skin disorders like Acne and Rosacea.

I absolutely ADORE it.

COLLAGENWAVE

Real Results. No Downtime. No Intrusion.

The Collagenwave® is one of UK's most sought after cosmetic facial treatments, with a rapid growing client list in the UK and abroad. Using radio frequency energy to tighten skin tissue, the treatment is able to beautifully contour and rejuvenate the skin.

Central to the success of Collagenwave® is its ability to heat up deeper layers of the skin and the underlying tissue causing deep collagen structures in the skin to tighten immediately. This improves the existing collagen and promotes new collagen production to further tighten the skin, resulting in healthier, smoother skin and a more youthful appearance.

Designed and created by Dr Al Saleh (PHD) around 12 years ago, this procedure is regularly used by leading skin and beauty expert, Nilam Holmes on a host of her celebrity client list. Now you too can explore all the many benefits of this revolutionary celebrity skin tightening treatment here at Waterside Aesthetics in beautiful South Devon.

For more information on this amazing treatment, please visit www.watersideaesthetics.com or email me at carole@watersideaesthetics.com to book your bespoke consultation and treatment.

JUST SOME OF MY WINNING PORTFOLIO

Some examples of what I use in my highly effective bespoke treatments ...

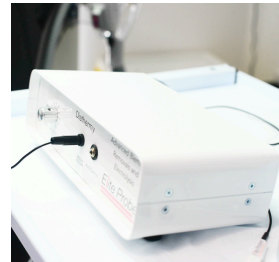

Professional Laser Therapy

Laser therapy is a powerful, all-in-one solution for many of your aesthetic needs. Using breakthroughs in medical aesthetic research and technology, today's lasers can help to stop the clock from head to toe, with a wide variety of treatment solutions that I customises to your specific needs. The versatility of the platform makes it suitable for all age groups.

Microneedling Skin Remodelling

I use a highly precise microneedling device that creates temporary, small microscopic channels in your skin. This organically activates your body's natural skin-healing power, stimulating the skin's own ability to repair itself. When I comfortably create these micro-injuries in the skin it triggers the body's natural wound healing process thereby increasing the body's collagen and elastin production so that your skin returns to a healthier looking, more youthful appearance.

Advanced Blemish Removal

Advanced blemish removal is a non-invasive, safe and effective form of skin blemish reduction using electrolysis. I'm an expert in advanced electrolysis and can remove skin blemishes such as skin tags, milia and some types of warts with minimal discomfort. I use state of the art technology to pass an electrical current down a probe to cauterises the blemish so it can be removed without surgery. Broken capillaries, seborrhoeic keratosis, and spider naevi can also be treated.

WORRIED ABOUT A MOLE?

**I now offer pre-treatment skin
lesion screening for your safety
and peace of mind.**

I'm delighted to say that I'm now registered and able to offer a pre-treatment mole and skin lesion screening service for all of my lovely clients. With the current huge strain on the NHS, this will enable me to provide a service that is greatly needed and give you, my client, quicker peace of mind and greater reassurance.

The processes couldn't be simpler. I have a special lens that I use to take a specialised digital image of the lesion which I then forward to the experts for their feedback.

The service includes an informative report from a qualified dermatologist and advice on whether my lesion or mole treatment is appropriate or whether further investigation is required by a GP.

The report is back with us within 24 hours so that we know what our best course of action will be as soon as possible.

I truly think this is such a beneficial service and remember, whatever the outcome, I'm with you 100% of the way.

Ask me about this service next time you visit the clinic, or email me now at carole@watersideaesthetics.com

MY WORLD OF FABULOUS FACIALS

Course of 5	£750
Course of 10	£1320

Glow & Flow Therapy

If there was a treatment which was proven to have powerful skin benefits plus a wide range of health and wellbeing benefits with no side effects, pain or downtime, everyone would be using it. Well, this is the treatment!

Using blue, red and near-infrared light I can address acne, rosacea, ageing and inflammation revealing a brighter complexion. Slimyonik's pneumatic technology then stimulates lymphatic drainage and circulation, enhancing detoxification and body contouring. Together these therapies improve skin health, body tone, overall relaxation, offering a complete approach to wellness.

For the treatment of acne, rosacea, psoriasis, eczema, pain relief, wound healing and of course skin rejuvenation.

Price £110

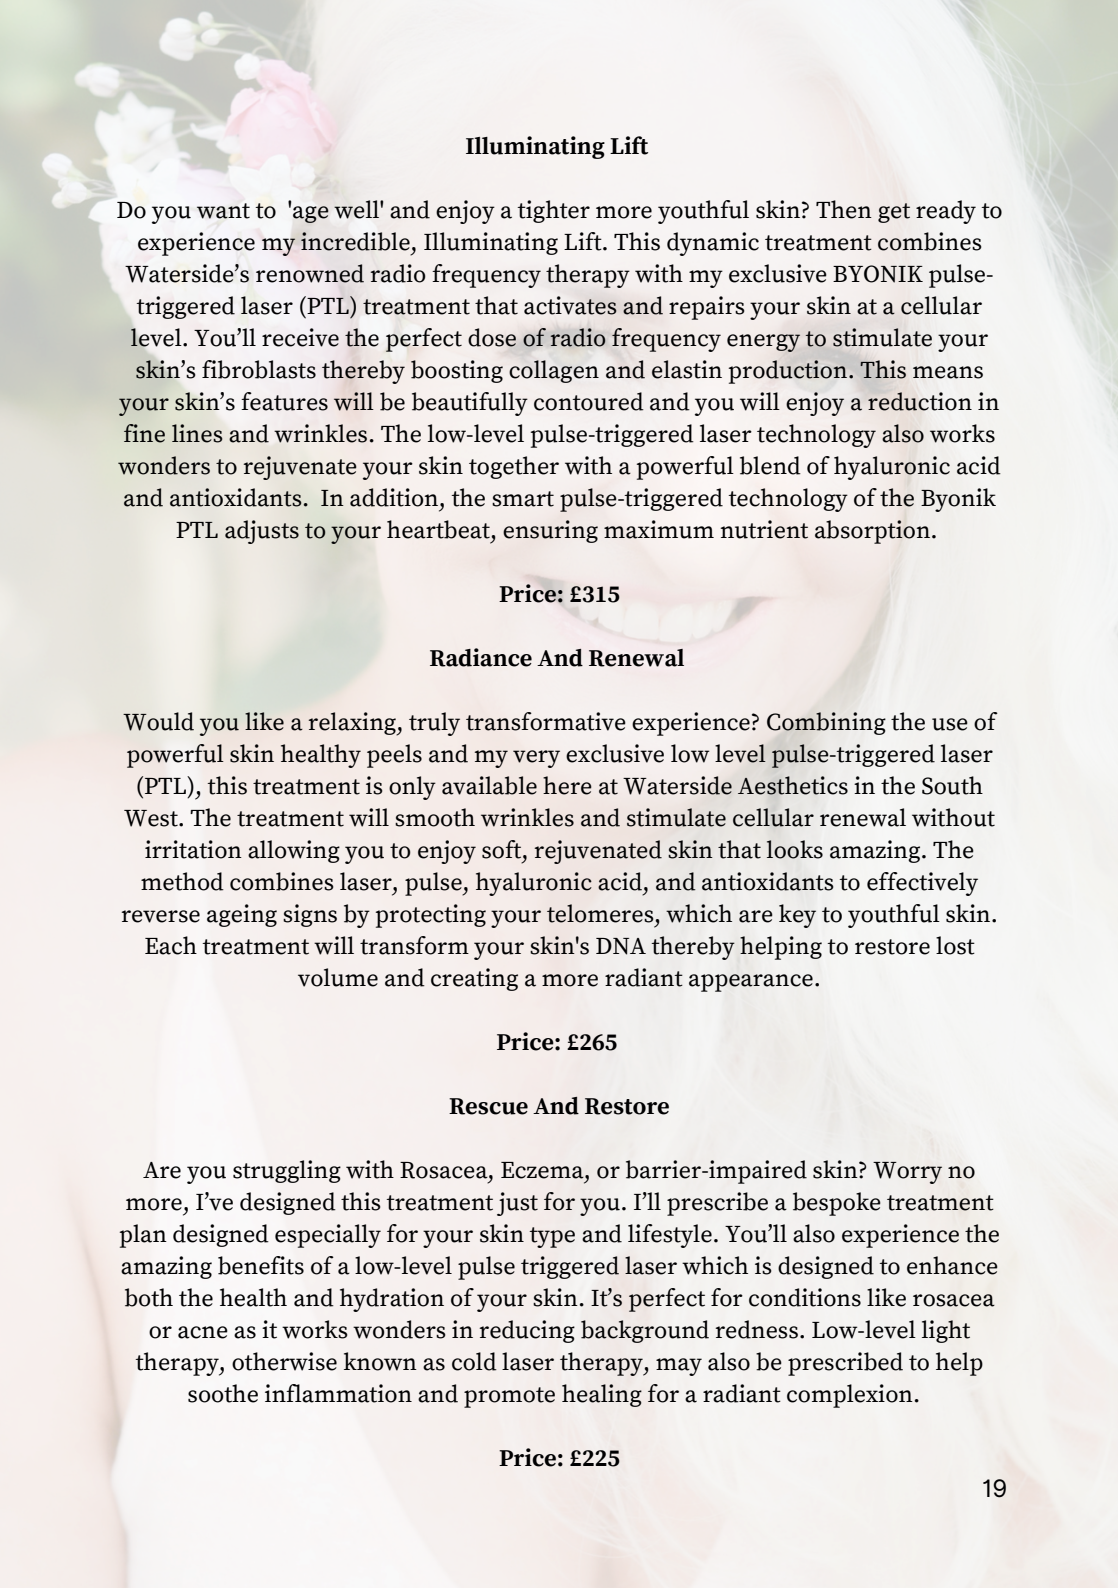

Deep Cellular Regeneration Facial

If you are looking for a solution that addresses skin rejuvenation, acne scarring, and pigmentation, then look no further.

My microneedling facial is not just about immediate results, it's about sustainable skin health. The secret behind the radiant glow of many a celebrity skin is the deep cellular regeneration promoted by pure and efficient products. This isn't just superficial caring for your skin, it's about enhancing the skin's natural abilities to heal and renew itself, which is crucial for all skins and all ages, who seek to maintain impeccable skin consistently.

So how is this result achieved? We use pioneering Microspear® technology. This patented ingredient ensures that active substances penetrate deep into the skin's basal layer, initiating a powerful process of cellular regeneration. Unlike traditional exfoliants, Microspear® doesn't merely strip away the top layer of the skin; instead, it enhances natural cell turnover from within, leading to healthier, more resilient skin over time. Unlock your skin's potential and reveal a healthier, more radiant complexion that lasts.

Illuminating Lift

Do you want to 'age well' and enjoy a tighter more youthful skin? Then get ready to experience my incredible, Illuminating Lift. This dynamic treatment combines Waterside's renowned radio frequency therapy with my exclusive BYONIK pulse-triggered laser (PTL) treatment that activates and repairs your skin at a cellular level. You'll receive the perfect dose of radio frequency energy to stimulate your skin's fibroblasts thereby boosting collagen and elastin production. This means your skin's features will be beautifully contoured and you will enjoy a reduction in fine lines and wrinkles. The low-level pulse-triggered laser technology also works wonders to rejuvenate your skin together with a powerful blend of hyaluronic acid and antioxidants. In addition, the smart pulse-triggered technology of the Byonik PTL adjusts to your heartbeat, ensuring maximum nutrient absorption.

Price: £315

Radiance And Renewal

Would you like a relaxing, truly transformative experience? Combining the use of powerful skin healthy peels and my very exclusive low level pulse-triggered laser (PTL), this treatment is only available here at Waterside Aesthetics in the South West. The treatment will smooth wrinkles and stimulate cellular renewal without irritation allowing you to enjoy soft, rejuvenated skin that looks amazing. The method combines laser, pulse, hyaluronic acid, and antioxidants to effectively reverse ageing signs by protecting your telomeres, which are key to youthful skin. Each treatment will transform your skin's DNA thereby helping to restore lost volume and creating a more radiant appearance.

Price: £265

Rescue And Restore

Are you struggling with Rosacea, Eczema, or barrier-impaired skin? Worry no more, I've designed this treatment just for you. I'll prescribe a bespoke treatment plan designed especially for your skin type and lifestyle. You'll also experience the amazing benefits of a low-level pulse triggered laser which is designed to enhance both the health and hydration of your skin. It's perfect for conditions like rosacea or acne as it works wonders in reducing background redness. Low-level light therapy, otherwise known as cold laser therapy, may also be prescribed to help soothe inflammation and promote healing for a radiant complexion.

Price: £225

Signature Peel Facial

Looking for an amazing healthy glow with radiance? Then my signature peel facial will work wonders in improving texture by releasing old tired skin cells enabling fresh new juicy skin to take its place. Whether you want to address pigmentation, acne or signs of ageing, let me address your specific skin issues and choose the best peel for you. A peel is never just a peel as I will also be incorporating much loved hydration, leaving your skin both soft and smooth.

Price £135

Luxury Signature Facial

A truly luxurious tightening and sculpting experience that leaves your skin lifted and glowing. This is one of my absolute favourites as it offers Real results with NO downtime and NO intrusion. To add the additional sprinkle of skin cell renewal then you have the full luxury package. Fabulous for any occasion or just because you deserve that amazing lift and glow.

Price £195

Super Signature Facial

Can you imagine the benefits of being lifted and contoured with the added advantages of skin regeneration? This is what this fabulous facial offers. The treatment combination stimulates collagen, which gives the skin it's volume, firmness and plumpness. Elastin is also stimulated, which gives the skin its 'spring back' and tightness. By initiating the production of these two proteins, microneedling triggers the skin to naturally rejuvenate and regenerate leading to smoother texture and a more youthful appearance.

CANCER CARE HARMONY FACIAL

A RELAXING CANCER CARE SPA EXPERIENCE.

A unique facial created with a “Gift of Care” in mind and designed specifically for clients undergoing cancer treatments such as chemotherapy or radiation. A gentle, soothing treatment which focuses on nourishing, hydrating and calming the skin, which may be sensitive, dry or irritated due to treatment.

Using oncology-safe high-quality ingredients, both tested for their purity and to give the utmost support for an impaired skin barrier this facial delivers a lighter, sensitive experience of overall wellbeing.

Beginning with a soft and gentle cleanse to protect the lipid barrier of the skin followed by wound healing serums to rebuild and nourish dry areas reducing skin irritability. The Rejuvenating masque delicately soothes the skin whilst you enjoy a light hand and arm massage performed with utmost care. A nourishing youth eye complex is applied to help with dark circles and puffiness. The treatment then drifts on with a hydra cooling serum and finishes with total skin protection from antioxidant rich enzymes which deliver full protection from extreme environments.

Every step is performed with utmost care, ensuring comfort and safety while creating a serene and restorative experience. This facial not only nurtures the skin but also supports emotional well-being, offering a moment of peace during a challenging time.

If you are considering a “Gift of Care” for your loved one, please contact me so we can together introduce them to this ‘cancer care spa experience’ and help them move on in their life with more positivity.

Includes a Pure Wellness Collection of skincare worth £163 to take home, comprising of: Cream Cleanser, Poly vitamin Serum, Hydra Cool Serum, Extreme Protect spf30
